ATTEMPT TO IMPEACH PALMER IS CHARGED IN PROBE OF SUGAR PRICES

Wilson Scored In Hot Political Row In House

INQUIRY ORDERED Republicans Force Through Bill Despite The Democrats.

Washington, March 5.—A hot political row broke out in the house today when the Republicans forced through a resolution authorizing investigation by the judiciary committee of the acts of Attorney General Palmer in connection with prices charged for Louisiana sugar.

Democrats bitterly opposed the project, charging repeatedly that it was designed as an indirect impeachment of Mr. Palmer and only intended as a means of checking the "growing popularity" of a Democratic presidential aspirant.

Wilson Blamed. In reply, the Republicans charged that President Wilson and Mr. Palmer directly were responsible for prevailing high sugar prices; that Mr. Palmer had no authority to recognize the high figure at which Louisiana sugar sold and that he had failed to press actions against profiteers.

Financial Relief Near As Europe Ships Gold To U. S. Reports State That \$250,000,000 is On Way.

New York, March 5.—Immediate relief in the international financial situation was seen by bankers here today in the report that Europe soon will begin shipments of gold to the United States aggregating \$250,000,000.

The report of the gold imports brought an abrupt rise in the foreign exchange market, demand sterling, which closed last night at 3.55 1/2 being quoted today at the opening at from \$3.60 to 2.63.

Wilson Scored In Hot Political Row In House

INQUIRY ORDERED

Republicans Force Through Bill Despite The Democrats.

Washington, March 5.—A hot political row broke out in the house today when the Republicans forced through a resolution authorizing investigation by the judiciary committee of the acts of Attorney General Palmer in connection with prices charged for Louisiana sugar.

Democrats bitterly opposed the project, charging repeatedly that it was designed as an indirect impeachment of Mr. Palmer and only intended as a means of checking the "growing popularity" of a Democratic presidential aspirant.

Wilson Blamed.

In reply, the Republicans charged that President Wilson and Mr. Palmer directly were responsible for prevailing high sugar prices; that Mr. Palmer had no authority to recognize the high figure at which Louisiana sugar sold and that he had failed to press actions against profiteers.

In two hours of debate on the resolution, offered by Representative Tinkham, republican, Massachusetts, Democratic members asserted it was a "covert" attack on Mr. Palmer, and was calculated to divert public attention from failures of the "incapable" Republican leadership in congress.

Inquiry ordered.

When the time limit expired, the resolution was put through, 162 to 124 by a party vote, and the committee will proceed with its inquiry.

The resolution directs that the investigation be directed "to the admitted concurrence of the attorney general in maximum fixed prices," of 17 and 18 cents a pound for Louisiana sugar, the basis on which the prices were fixed and whether immunity from prosecution for profiteering was given any one for charging these prices.

MAY BE PREMIER OF NEW CHINESE CABINET, REPORT

Gen. Chin Yung-Peng, former acting premier and minister of war in China, may be named premier and asked to form a new cabinet, according to reports from Tokio. The same report states that Quen Wan Pang, present premier, has resigned. The general is a firm advocate of President Wilson's principles, especially regarding secret treaties.

ALLIED PROGRAM ON RUSSIA RECOGNITION PROCEEDING SWIFTLY

Millerand Refuses To Sanction The Publication.

London, March 5.—Despite the failure of the supreme council to publish its "epochal economic manifesto," on European conditions, the Times stated today that the allies Russian program is proceeding automatically. The manifesto was to have been made public Thursday. In French circles it was stated that Premier Millerand refused to sanction the publication of the document. Boris Litvinoff, representative of the soviet government at Copenhagen, was quoted in a dispatch from that city as saying that a ship is due at an Estonian port today to carry a Russian trade mission to London.

It is reported from Rome that two Italian deputies together with representatives of the Italian co-operative societies, have left for Copenhagen to open negotiations with Litvinoff.

A Moscow wireless quotes Herbert Hoover as saying that America cannot agree with the soviet for an exchange of goods in Europe because it would inevitably result in speculation and profiteering in American products.

START INQUIRY IN GRAIN CORPORATION

Washington, March 5.—The inquiry into activities of the United States grain corporation is to be expedited, with a view to securing early congressional action, it was indicated today.

"I have consulted with Senator Calder, whose committee has my bill," Senator Reed, author of the resolution stated "and I hope the committee will be able to report out today."

It is expected the resolution will be brought up for action before the end of the week. Investigation will be undertaken as soon as possible thereafter.

SAY DEATH DUE TO WOOD ALCOHOL

Cleveland, March 5.—An unidentified man, about 40, is today near death in St. Alexis hospital from what police say is the effect of drinking wood alcohol. He was found lying unconscious on the sidewalk Thursday night.

WITHDRAW RULE.

Dublin, March 5.—An unconfirmed rumor was current today that the new home rule for Ireland bill may be withdrawn from parliament because of opposition of all political parties in Ireland. The bill is now under consideration in the house of commons.

NEGOTIATIONS OVER SETTLEMENT OF THE ADRIATIC DISPUTE HAVE FAILED, REPORT

Rome, March 5.—"Direct negotiations between Jugo Slavia and Italy over Adriatic territory have failed," said a dispatch from the London correspondent of the Popolo Romano. He added:

"The discussions upon Fiume and other Adriatic territory will be resumed later in Rome (where the supreme council is to sit) when the pact of London will receive final sanction."

Free Inspection District Of Department Involved.

CASE STRENGTHENED

Reveal Operation Of Unlawful Practice.

New York, March 5.—Further startling revelations in New York's police scandal were made today when Assistant District Attorney James E. Smith announced he had evidence to show that at least 500 disorderly houses are being operated under police protection.

Three inspection districts of the police department are involved, Smith said. Witnesses held thus far are concerned principally with alleged graft and bribery in the old tenderloin district.

Smith announced that the case against Detective John J. Gunson, indicted on charges of graft and accepting bribes, was strengthened, and that other policemen charged with forcing women of the streets to share their earnings with them would be indicated early next week.

INFLUENZA CLAIMS MAN WHO ATTEMPTED SUICIDE WITH PISTOL

William Moore, Junior Succumbs Early On Friday

William Moore, Jr., former Greene County, who shot himself six times with a revolver at his home in Washington C. H., while temporarily insane due to an attack of influenza, died at the Fayette Hospital in Washington early Friday morning.

Mr. Moore recovered his senses Wednesday and physicians said he would recover. Death was due to the influenza, according to physicians who say that the bullet wounds he inflicted, were not dangerous. The unfortunate man did not remember shooting himself and he told attendants at the hospital Wednesday that the bullet wounds on his head were boils.

Mr. Moore was the son of William, and June. Moss Moore, formerly of Spring Valley. He lived on the farm of Mrs. Ella Snider near Cedarville until last July when he went to Washington C. H., where he was employed as shipping clerk in the Dahl-Campbell wholesale grocery. He is survived by his wife and three small children, his father, who now lives in Michigan, a brother, Marion, of Dayton and a sister, Mrs. Loren Crawford, of Dayton. His mother died some time ago.

Funeral services will be held at the late home in Washington Sunday morning at ten o'clock and burial will be made in Spring Valley. William Moore, Sr., was in this city Friday.

Marion Moore, his brother, returned to his home in Dayton Thursday evening after being at the bedside of his brother. He said that when he left Washington indications were that he would recover.

TRIAL OF I. W. W.'S IN HANDS OF THE JURY

Montesano, Wash., March 5.—The trial of the ten alleged I. W. W. charged with the Centralia armistice day murders will probably be in the hands of the jury a week from Monday, it was predicted today by attorneys in the case. The case is progressing with greater speed than had been anticipated. The defense will close its case today, Attorney George F. Vanderveer has announced. The prosecution will conduct its rebuttal Saturday. The rebuttal of the defense is expected to commence about Tuesday or Wednesday of next week. The defense scored heavily at the close of the trial Thursday when witness W. E. Sidle testified that a number of legionnaires carried ropes during the Centralia parade.

THREE ARE KILLED IN EXPLOSION

Farrell, Pa., March 5.—Three workmen were killed and a fourth is dying as the result of an explosion in a hot blast stove at the Carnegie Steel company plant here early today. The cause of the explosion is a mystery.

Admiral DeRobeck, commander of the British war squadron in Turkish waters, reports continuous violations of the armistice terms by the Turks. Conservative information from Beirut places the number of massacred Armenians at 15,000 although the Armenians themselves claim that the total is near 30,000.

The allies have resolved upon drastic decisions to punish the residents of Marash where Turks began a massacre of Armenians when the French troops withdrew.

MAN ASPHYXIATED.

Canton, O., March 5.—Nick Zermiany, aged 45, a Rumanian, was found asphyxiated in his room at 1916 Garfield avenue S. W., yesterday by fumes from an open gas stove. Two men in an adjoining room were unconscious but were restored.

GEN'L. WOOD WILL INVADE NEW HAMPSHIRE ON PRESIDENTIAL STUMPING CAMPAIGN

Washington, May 5.—Tomorrow General Leonard Wood will invade New Hampshire for the purpose of capturing the Republican delegation of that state to be selected next Tuesday, March 9, in the first presidential preference primary to be held in view of the November elections.

From that date until June, the battle of the primaries will rage with fury not seen in this country since the days of reconstruction, when parties, candidates and issues were scrambled as they now are almost beyond recognition. In New Hampshire the contest will not be exciting. Colonel Proctor and other Wood champions are already claiming the eight delegates from that state as theirs, but a week from Tuesday, in North Dakota and on March 23 in South Dakota, will be staged political fights reminiscent of other days. Wood has already stumped that part of the country and Senator Hiram Johnson is there now. Senator Poindexter is on his way, with 30 speeches in his suitcase and an itinerary which will take him three weeks to make. In April Michigan will hold a preferential primary the list of which are now closed with seven candidates. Senator Poindexter, Herbert Hoover, General Wood, General Pershing, Governor Lowden of Illinois, Senator Johnson and William G. Simpson, of Detroit.

One of Poindexter's speeches will be delivered in Michigan.

In Michigan on the Democratic ticket to be voted on April 5, five names appear Governor Edward I. Edwards, New Jersey, William Jennings Bryan, Attorney General A. Mitchell Palmer, William G. McAdoo and Herbert Hoover. Hoover's is the only name appearing on both sides.

MINE WORKERS WANT OLD PENSION LAW REVIVED IN STATE

Closing Session of Conference Begins With Resolutions

Columbus, O., March 5.—Resolutions scheduled for adoption today at the closing session of the Ohio Mine Workers convention urge enactment of a state old age pension law and request that congressmen be compelled, by law, to subscribe to a referendum vote of the people on all national questions.

George W. Savage, secretary of the Ohio miners' union, advocated establishment of co-operative stores throughout Ohio's mining regions in an effort to reduce living costs. He urged the miners to "support candidates friendly to the Ohio workmen's compensation act," declaring that the state legislature is responsible for laxity in payment of compensation to injured miners.

MAY HAVE TO SEND BIG RE-ENFORCEMENT

London, March 5.—Premier Lloyd George is expected to announce in the house of commons that it is necessary to send reinforcements of 30,000 allied troops into Constantinople and adjacent territory. This announcement may be made on Monday.

Admiral DeRobeck, commander of the British war squadron in Turkish waters, reports continuous violations of the armistice terms by the Turks. Conservative information from Beirut places the number of massacred Armenians at 15,000 although the Armenians themselves claim that the total is near 30,000.

FAIRBANKS OPENS COLUMBUS OFFICES

Columbus, O., March 5.—Headquarters have been opened here by the Fairbanks-for-governor league. H. S. Bradley, of Springfield, is president. The league will wage a vigorous campaign boosting Newton H. Fairbanks, of Springfield, chairman of the Republican state central committee, for the Republican gubernatorial nomination.

FINED FOR ACTION.

Canton, O., March 5.—Ben and Meyer Block brothers, were fined \$500 each and given suspended workhouse sentences by Probate Judge Krichbaum, when found guilty late Thursday of inciting boys to theft. Five boys between 11 and 16 years testified against the men.

FRANCE OPPOSES ALL REVISIONS IN GERMANY'S DEBT

Parliament Issues Ultimatum To French Government.

TURKEY LOSES OUT Stripped of Virtually All Her European Territory.

Paris, March 5.—The French Government will make determined opposition to any revision of the treaty of Versailles that would modify her claims on Germany, it was learned today.

The attitude of the French Government, according to the official point of view, is in perfect accord with the sentiments of the new Chamber of Deputies.

It is held that any further concessions by the French Government to Germany would not be tolerated by Parliament, and, if made, the Government would be overthrown.

The French official view of the economic situation, it was stated in authoritative circles today, is the same as that set forth in London, that is, that all Europe must be put on a prosperous basis.

The French, however, it was pointed out, are beginning to think their allies have forgotten that France herself is not prosperous, and is not in a position to make concessions to any one, least of all to Germany, that would affect her own economic interests.

Turkey Loses Territory.

London, March 5.—Turkey is stripped of virtually all her territory in Europe, but retains sacred places, by the treaty now being completed by the conference of Foreign Ministers and Ambassadors, it became known today.

Thrace has been awarded to Greece by the peace conference, but the present conference is charged with the task of working out plans whereby the Turks will keep control of sacred place and Adrianople.

Smyrna will be placed under Greek control.

RAGING BLIZZARD SWEEPS CHICAGO CRIPPLING TRAFFIC

The Wind Attains Fifty Miles an Hour Velocity

Chicago, March 5.—Sweeping out of the northwest, with a 50-mile wind and a blinding snow storm, a blizzard struck Chicago and seriously affected traffic on steam roads centering here.

The mercury fell 10 degrees in two hours and reached zero before morning. Weather Bureau officials predicted. Storm and cold wave warnings have been sent to shippers throughout the Central States.

The entire district from the Mississippi to the Rocky Mountains and south to Dallas, Texas, felt the effects of the storm today. At Dallas the mercury fell 50 degrees in 12 hours.

One death, directly attributable to the storm, was reported from Farmington, Minn., where two freight trains crashed head on during the blinding storm. The man killed was riding in an immigrant car.

Heavy snow was general today from the Rocky Mountains east to Indiana. Wisconsin points report a five-inch fall with street car and interurban traffic paralyzed and steam trains hours behind schedule.

ADVOCATES A FLAT GRANT OF \$500

Washington, March 5.—Issuance of a flat cash grant of \$500 to veterans of the world war was advocated today by Marvin Gates Speery, commander of the private soldiers and sailors legion, before the house ways and means committee considering soldier aid legislation.

Speery scored the plan of the American Legion for granting aid according to number of months of service. "The boys who fought in the world war do not want their reward based on a so much a day plan," he declared.

"The private soldier and sailor legion is in favor of the Sherwood bill which grants the flat \$500 bonus. Pass that bill and pass it promptly."

"Profiteers made \$12,000,000,000 during the war. It would not hurt them to give up two billions of this for the soldiers who made it possible for them to make this money."

"Congress has been most unfair. The remittance of \$400,000,000 of interest annually due on foreign obligations proves that the government is not weak financially."

ALLIED TROOPS SENT TO TURKEY

London, March 5.—Additional allied troops will be sent to Turkey at once to prevent further disorders, it was understood here this afternoon. Reinforcements of British warships are already on the way.

According to an Exchange Telegraph dispatch from Athens the Turkish nationalist forces have been disbanded.

FIRE AT CAMP SHERMAN

Camp Sherman, O., March 5.—The community house here was completely destroyed this morning by a mysterious fire. Loss \$80,000. The flames were observed by persons miles distant from the camp. Two soldiers and a cook were in the house when the fire broke out. They escaped unhurt.

Despite the large holes torn in the walls, Consul Donagan continues to occupy the building. The bomb was a powerful one evidently constructed by an expert in explosives. It caused destruction for a radius of 20 yards.

SOVIETS OFFER TO REMOVE UNDESIRABLES

Washington, March 5.—The soviet government today renewed its effort to take out of the country, without expense to the United States, all Russian citizens which this government deems undesirable. The renewed offer came in the form of a letter to government officials today from Charles Recht, of New York, an attorney for the soviet government. He set forth that a similar offer made in November to Secretary Lansing, had not even received a reply.

Soviet Russia will furnish the ship Uncle Sam will give it clearance, place no restrictions on its provisioning and guarantee it would not be impeded en route.

NEW SCOURGE REPORTED

London, March 5.—A terrible new scourge called brain influenza is now ravaging Vienna, said a news agency dispatch from that city today. The disease is accompanied by convulsions and hallucinations and the victims die in horrible deliriums.

YELLOW SPRINGS HOLDS CHURCH MEET

Rev. Charles Bennett, pastor of the First M. E. church of this city, was the speaker of the evening at the father and son banquet of the Men's Club of the Methodist church in Yellow Springs, which was held in the church dining room Thursday evening.

Rev. Bennett spoke of the importance of the relation of the church to the boys, particularly to the boys in their teens, which is a time when dreams are dreamed. In closing, he said: "Be true fathers to your sons. Save the boys for God and a career of usefulness."

Rev. L. V. Simms, pastor of the church and president of the Men's Club was toastmaster. C. S. Sheldon, secretary of the club, read the minutes of the last meeting and announced the result of the election of officers as follows: President, Rev. L. V. Simms; vice president, C. A. Noster; secretary, C. S. Sheldon; assistant secretary, Lynn Northrup; treasurer, Jesse Campbell; assistant treasurer, W. M. Myers. The board of directors will be composed of the chairman of the various committees.

EMPHASIZE NEED OF CHRISTIANITY TODAY

Christianity, as the only thing which can bring the world safely through its present crisis was emphasized by President W. R. McChesney of Cedarville college, in an address at the father and son banquet at the Presbyterian church Thursday night. Dr. McChesney talked almost entirely upon the position of Christianity in the reconstruction period and urged organization and co-operation of Christian forces.

Mrs. Anna M. Haverstick was in charge of the dining rooms, and arranged the tables and decorations. P. L. Smith presided and Dr. McChesney's address, two of the boys who were guests, Marcus McCallister and Horace Smith were called upon and gave short talks.

The organization of a Men's club of the Presbyterian church, completed the evening's program. Cowdy Williamson was elected president, Arthur V.

Perrill, vice president, and Lewis Clark, secretary and treasurer. Each of the officers gave an impromptu talk. The Masonic Glee club added greatly to the pleasure of the evening, by singing a number of selections, accompanied on the piano by Miss Stella Bishop.

SOCIETY

MR. AND MRS. SCOTT GIVE FIVE HUNDRED PARTY.

Mr. and Mrs. Clyde Scott of West Second street entertained at six tables of five hundred Thursday night. Spring and St. Patrick day suggestions were used in decorations. Jonquils were the flowers, and March 17 ideas were carried out in tallies and nut baskets. A two course supper was served. Jonquils in bud vases centered each table. Mrs. Ralph Graham, of Philadelphia, and Mr. and Mrs. James A. Horne of Dayton, were out of town guests.

Mrs. Charles Gretsinger and Mrs. Frank Spellman were hostesses to the thimble club of Obedient Council, at the home of Mrs. Gretsinger on the Springfield pike, Thursday afternoon. As a surprise to Mrs. Gretsinger the party went to her home at noon, taking luncheon baskets, and had the noonday meal there. The afternoon was spent by the club women chatting over their needlework, and they also enjoyed music and games. A refreshment course was served.

JAMESTOWN GIRL IS PHYSICIAN'S BRIDE.

Miss Susan McDorman, daughter of Mr. and Mrs. Willis McDorman of Jamestown, became the bride of Dr. Walter I. Jenkins of Akron, Friday morning, the service being read by the Rev. V. F. Brown, pastor of Trinity M. E. church, at the parsonage at 10:30. The bride wore a one piece serge frock, embroidered, a fur coat and spring toque.

After their marriage Dr. and Mrs. Jenkins motored to the McDorman home at Jamestown, where they had luncheon with the members of the immediate family. They will go to Cincinnati Friday night, and from there to Akron, where Dr. Jenkins is practicing his profession of physician. They will live at 150 West Long street.

Mrs. Jenkins is a graduate of the H. K. Miller school, Cincinnati, and of the nurse's training school at the General hospital, Cincinnati. It was while connected with the hospital that she met Dr. Jenkins, who was serving his internship at the Jewish hospital. Dr. Jenkins was a lieutenant in the army medical service and was stationed at Walter Reed Hospital at Washington, D. C.

INFLUENZA FEATURE OF MEDICAL MEET

A symposium of influenza featured the regular meeting of the Greene County Medical Association, held in the rooms of the Chamber of Commerce here, Thursday noon.

Dr. R. H. Grube, Public Health Officer, spoke on etiology in connection with influenza. Dr. M. I. March of Cedarville, spoke on the symptoms and treatment of the disease; Dr. J. O. Stewart of Cedarville, spoke on influenza in the aged, and Dr. H. C. Messenger spoke on influenza and pneumonia in children and infants; Dr. L. L. Taylor of Yellow Springs, took up influenza in maternity cases; Dr. William Hartinger of Spring Valley, spoke on the care and nursing of influenza, and Dr. W. A. Galloway spoke on the use of vaccines in the treatment and prevention of the disease.

Dr. C. G. McPherson led the general discussion which followed the brief talks on the subject. Members of the association lunched at the Elk's Club following the meeting.

Ford
THE UNIVERSAL CAR

Insist on Genuine Ford Parts

Imitation "Ford" parts are being sold by many mail-order houses, down-town stores and garages to unsuspecting Ford owners as "Ford" parts. But they are not Genuine Ford parts made by the Ford Motor Company. They are made by concerns who have no connection whatsoever with the Ford Motor Company. These imitation parts are not even made from the same grade of steel, or under the same formulas used by the Ford Company. They are counterfeit parts. Tests have shown them to break when the genuine parts didn't even bend, and they generally are from thirty-five to one hundred per cent lower in quality.

The Authorized Ford Dealer is your protection. As such, we handle nothing but the Genuine Ford parts. They are made from the famous Ford Vanadium Steel and each part—according to its use—is heat-treated in the way that will give it the longest wearing qualities. Every part is the same as its duplicate in your Ford car or Ford truck.

Our stock of parts is complete. And our Ford garage and Ford mechanics are at your service at all times. Drive in when replacements or repairs for your Ford car may be necessary. Save your car and also our money.

GRAND RELIEF FROM CATARRH.

Mr. McClure says every one can get it just like he did. Three bottles of Dreco fixed him up fine.

Also took the ache out of his rheumatism and banished a severe case of constipation.

"I've found out from my own experience that it is foolish for people to be annoyed any longer by catarrh," said Mr. Charles F. McClure, of 2536 Mt. Pleasant Pike, Hamilton, O.

"I know what it is to hawk and spit and try to clear your nose, throat and head for a couple of hours every morning. I know what it is to have a constant dripping into my throat that keeps me constantly trying to clear it out. I also know what heavy breathing and unsound sleep catarrh causes, and the head noises too.

"But I also know after trying lots of remedies, what will go right to the seat of the trouble and overcome these annoying symptoms, Dreco will do it. Dreco did it for me, and it's foolish for people to suffer like this when this grand medicine is within the reach of everyone.

"Dreco also eased a bad case of aching rheumatic joints; got my bowels to acting regular every day, whereas, before I used to be severely constipated. This is great medicine and I strongly advise sufferers to give it a trial.

The only way to get rid of catarrh is through the blood. Dreco is taken up by the blood very quickly; carried to the weakened membranes and restores them to healthy condition. That's the secret of Dreco's power over catarrh.

All good druggists sell Dreco and it is highly recommended in this city by Soh's Drug Store.

INFLUENZA FEATURE OF MEDICAL MEET

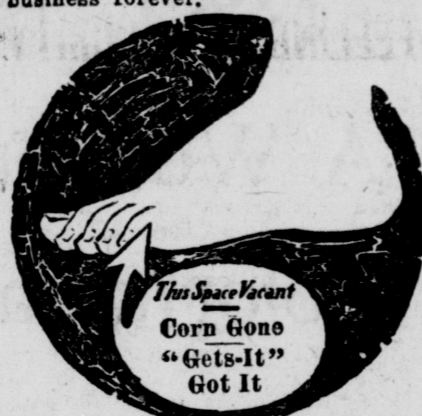

A symposium of influenza featured the regular meeting of the Greene County Medical Association, held in the rooms of the Chamber of Commerce here, Thursday noon.

Dr. R. H. Grube, Public Health Officer, spoke on etiology in connection with influenza. Dr. M. I. Marsh of Cedarville, spoke on the symptoms and treatment of the disease. Dr. J. O. Stewart of Cedarville, spoke on influenza in the aged, and Dr. H. C. Messenger spoke on influenza and pneumonia in children and infants; Dr. L. L. Taylor of Yellow Springs, took up influenza in maternity cases; Dr. William Hartinger of Spring Valley, spoke on the care and nursing of influenza, and Dr. W. A. Galloway spoke on the use of vaccines in the treatment and prevention of the disease.

Dr. C. G. McPherson led the general discussion which followed the brief talks on the subject. Members of the association lunched at the Elk's Club following the meeting.

WOULD REQUIRE COST STATEMENT

Columbus, O., March 5.—The requirement that retailers mark cost prices on all goods will be contained in a bill which J. H. Brennan, auditor for the state agricultural board says he expects to initiate. Brennan is of the opinion that such a law will accomplish more than any existing law designed to put an end to profiteering.

For a day or so the corn remains, getting looser and looser and without a twinge from it. Then, it gets so loose that you just lift it right off, without even feeling it, and cast it away. That's how easily and simply "Gets-It" disposes of the corn nuisance.

"Gets-It," the unfailing, guaranteed, moneyback corn remover, costs but a trifle at any drug store. Mfd by E. Lawrence & Co., Chicago.

Sold in Xenia and recommended as the world's best corn remedy by Sayre & Hemphill and D. D. Jones.

Insist on Genuine Ford Parts

Imitation "Ford" parts are being sold by many mail-order houses, down-town stores and garages to unsuspecting Ford owners as "Ford" parts. But they are not Genuine Ford parts made by the Ford Motor Company. They are made by concerns who have no connection whatsoever with the Ford Motor Company. These imitation parts are not even made from the same grade of steel, or under the same formulas used by the Ford Company. They are counterfeit parts. Tests have shown them to break when the genuine parts didn't even bend, and they generally are from thirty-five to one hundred per cent lower in quality.

The Authorized Ford Dealer is your protection. As such, we handle nothing but the Genuine Ford parts. They are made from the famous Ford Vanadium Steel and each part—according to its use—is heat-treated in the way that will give it the longest wearing qualities. Every part is the same as its duplicate in your Ford car or Ford truck.

Our stock of parts is complete. And our Ford garage and Ford mechanics are at your service at all times. Drive in when replacements or repairs for your Ford car may be necessary. Save your car and also our money.

GRAND RELIEF FROM CATARRH.

Mr. McClure says every one can get it just like he did. Three bottles of Dreco fixed him up fine.

Also took the ache out of his rheumatism and banished a severe case of constipation.

"I've found out from my own experience that it is foolish for people to be annoyed any longer by catarrh," said Mr. Charles F. McClure, of 2536 Mt. Pleasant Pike, Hamilton, O.

"I know what it is to hawk and spit and try to clear your nose, throat and head for a couple of hours every morning. I know what it is to have a constant dripping into my throat that keeps me constantly trying to clear it out. I also know what heavy breathing and unsound sleep catarrh causes, and the head noises too.

"But I also know after trying lots of remedies, what will go right to the seat of the trouble and overcome these annoying symptoms, Dreco will do it. Dreco did it for me, and it's foolish for people to suffer like this when this grand medicine is within the reach of everyone.

"Dreco also eased a bad case of aching rheumatic joints; got my bowels to acting regular every day, whereas, before I used to be severely constipated. This is great medicine and I strongly advise sufferers to give it a trial."

The only way to get rid of catarrh is through the blood. Dreco is taken up by the blood very quickly; carried to the weakened membranes and restores them to healthy condition. That's the secret of Dreco's power over catarrh.

All good druggists sell Dreco and it is highly recommended in this city by Sohn's Drug Store.

LOCKING THE "WHOLE FIELD" OVER FOR THE CHICAGO CONVENTION.

While the Republicans of the several states are expected to be completely loyal to their "Favorite Son" which in Ohio mean to Hon. Warren G. Harding, as their first choice for President at the Chicago convention, it is also understood, as a matter of course, that there will be a large following for other candidates. In our own state, for instance, there are expected to be delegates to the convention favoring General Leonard Wood.

It is so early in the campaign, that general interest in the "whole field" of candidates is natural, because we all feel anxious that the very best one of the lot, as well as the strongest one, shall be the nominee of the convention. In this view of the case, therefore, we take occasion to give the following strong article in favor of Herbert Hoover, from a recent issue of the Philadelphia Public Ledger:

"Why are the Republican staff officers driving Herbert Hoover into the Democratic party?"

Why are they presenting a discredited Democracy with its one chance of winning the elections? If the Republican Convention nominated Hoover on a platform he would harmonize with, the voting of the great body of the electors would become almost as much of a formality as the voting of the College of Electors. The presidential contest would be a "walkover," no matter whom the Democrats named. There is no other presidential possibility within their reach.

But if the Republican managers indirectly nominate Herbert Hoover as the Democratic standard-bearer, they convert the coming campaign into a real fight. Fate offers them, indeed, the choice between "a fight or a frolic," and they threaten to choose the fight.

"Why is it that the headquarters staff of the Republican party is ready to risk defeat and assume all the burdens of a costly campaign rather than take a business man for nothing? Will they really go to the long-suffering business men of the country, who have so often financed them, to collect a huge campaign fund to keep a typical business man out of an essentially business job?"

Will the Republican voters relish the idea of recklessly throwing away a sure and easy victory and facing the possibility of four—or is it eight?—more years of government which must necessarily recruit most of its alleged "public servants" from the wheel-horses and faithful followers of the Democratic party, a company notoriously poverty-stricken in ability, in capacity for public service and in appreciation of the real needs of the nation?"

WILL PRESIDENT WILSON WRECK HIS OWN HANDIWORK?

By Ex-President Taft: "It looks as if the Democrats who follow Senator Hitchcock had about concluded that, rather than consent to the form of the Lodge reservations, they will defeat the treaty and carry the issue into the campaign."

"There is reason to believe that the President takes the same view, and, indeed, that he vigorously opposes any Democratic yielding. The Republicans are in the majority; therefore, if reservations are to be framed, they are naturally the ones to frame them, and, where there is no difference in effect between the reservations proposed by the one side or the other, a failure of the minority to agree with the majority cannot be justified. The friends of the League who are not influenced by politics and who regard the ratification as above political and personal considerations may well marvel at the President's refusal to consent to the treaty with the reservations, when we have it from Lord Grey, in as flatfooted a way as possible, that the treaty with the Lodge reservations would be accepted by Great Britain."

"No one at all familiar with the treaty can think that there is any such difference between the two sets of reservations as to justify the President in saying that with the one the treaty would be a grand step forward, while with the other it would be a failure. Can it be that the President is so blinded by personal and political feeling that he will wreck his own handiwork? If there are Democrats courageous enough to ignore mere form and pride of political authorship and make up by their votes the sixty-four needed to ratify, surely the President will not dare to withhold the treaty from the other Powers."

What better proof of the alleged Philadelphia Draft dodger Bergdoll's sanity than his desire to be tried before a civil rather than an army court?

All this talk about bonuses for soldiers may be capital for the politicians, but experience in the army taught the wearers of the uniform not to expect anything until it actually happened.

Apparently lacking new ideas on what to investigate, Washington will again resume the inquiry on the sugar question.

PRESIDENT PARDONS OLEO MANUFACTURER

Chicago, March 5.—John F. Jelke, wealthy oleomargarine manufacturer of Chicago, who with other members of the concern he heads was convicted in 1914 on a charge of conspiring to

defraud the government of the 10c a pound tax on oleomargarine and sentenced to two years in the federal prison, has been pardoned by President Wilson, it was disclosed today. By a series of presidential acts after the superior courts had affirmed the sentence, Mr. Jelke's sentence was cut last year to two months in the city jail here and later to thirty days.

Whether the president pardoned the five men sentenced with Mr. Jelke could not be learned.

OBITUARY

Homer Burges Jenks was born April 2, 1885, and departed this life February 23, 1920, aged 34 years, 10 months, 27 days. He was married to Mary Flax December 21, 1905, whom he leaves with two children, Doris and Russell, to mourn the loss of a kind and loving husband, also father, mother, and five brothers, Rufus, Ray, Herman, Frank and Dean. Herman will be greatly missed, but we can only say with Him who said in Gethsemane, "Thy will be done."

Mrs. J. K. Williamson attended the wedding of her cousin, Miss Frances Garver to Kenneth C. Blackman, of Tippecanoe City, which took place at the bride's home in Springfield, Monday.

CHATTER

"Some people," sniffed the passenger who wanted the seat upon which a tired man had put his feet, "some people think they've bought the railway when they've took a tuppenny ticket to Clamjam Junction!"

"Referring to me?" said the tired man, aggressively.

"No; to your vast belongin's!"

said the other, glancing with scorn at the intruding boots.

"Put my feet where I like!" said the tired one. "Put 'em on the rack, if I want to!"

It was the opportunity for a master stroke of sarcasm.

"You'll be fined if you do," said the objector; "that rack's for small articles only!"

Mr. Murphy (who, on his first joyride, has been told on no account to speak to the driver)—Pardon me, sir, for speaking, but since we bumped over those stones, about twenty minutes ago, Mrs. Murphy has not been in the car.

Lightning knocked over three men who were sitting on boxes in front of Sawyer's store yesterday. One of them was knocked senseless; the other two exclaimed, "Leggo! I'm comin' right home."

"That man started life on \$50 he borrowed."

"And made a fortune, eh?"

"No, it ruined him. He found getting that so easy that he's been living on borrowed money ever since."

"These yecowomen ought to make good wives."

"Why, in particular?"

"Army discipline." Haven't they learned to obey?"

TWENTY YEARS AGO

The D. of A. gave a box social at Mr. and Mrs. Charles Eyer's last evening for the benefit of the order. W. H. Law, who was at one time a resident of Xenia, and who was connected with the old Greene County Bank, but who has been in New York for some years, died suddenly.

Mr. John Brannen is today announced as a candidate for councilman from the fifth ward.

Mr. Ed. Schmidt is engaged in putting the Atlas Hotel in good shape for the new landlord, Mr. John Berry, who will take charge of it in about 30 days.

The local car on the Rapid Transit line jumped the track last night at the sharp curve leading off South Detroit street.

The advisability of paving South Detroit street was discussed at a meeting of residents of that street at the city building, last night. O. M. Whittington was chairman and Herbert Davis secretary of the meeting. A committee consisting of Volcha Weaver, Simeon Deacon, Albert Thornhill, Frank Poland, Dr. Ben M. McClellan was appointed to investigate the condition of the street.

FEW FOLKS HAVE GRAY HAIR NOW

Druggist Says Ladies are Using Recipe of Sage Tea and Sulphur.

Hair that loses its color and lustre, or when it fades, turns gray, dull and lifeless, is caused by a lack of sulphur in the hair. Our grandmother made up a mixture of Sage Tea and Sulphur to keep her locks dark and beautiful, and thousands of women and men who value that even color, that beautiful dark shade of hair which is so attractive, use only the old-time recipe. Nowadays we get this famous mixture improved by the addition of other ingredients by asking at any drug store for a bottle of "Wyeth's Sage and Sulphur Compound," which darkens the hair so naturally, so evenly, that nobody can possibly tell it has been applied. You just dampen a sponge or soft brush with it and draw this through your hair, taking one small strand at a time. By morning the gray hair disappears; but what delights the ladies with Wyeth's Sage and Sulphur Compound is that, besides beautifully darkening the hair after a few applications, it also brings back the gloss and lustre and gives it an appearance of abundance.

Wyeth's Sage and Sulphur Compound is a delightful toilet requisite to impart color and a youthful appearance to the hair. It is not intended for the cure, mitigation or prevention of disease.

FINDS ARMY MEN GUILTY OF BIG FRAUD

Detroit, Mich., March 5.—After a trial lasting three months, a jury last night returned verdicts against Grant Hugh Brown, New York sportsman; R. Waterbury, former major in the United States army, and Soterious Nicholson, former major in the United States army captain on charges of conspiracy to defraud the government and bribery. Fred C. Collins, Detroit, Bert Harris, New York and Monroe H. Burdach, of Albany, N. Y., were acquitted of the same charges. The jury recommended leniency in the case of Captain Nicholson. The government charged that during May, 1919, Browne and others conspired with Waterbury and a lieutenant named Reamy to purchase quantities of army salvage material at a price which would net hundreds of thousands of dollars profit to the conspirators.

EVERYDAY ETIQUETTE

"When watching a game of bridge is it correct, or good form, to make remarks about the playing? I did so and I was called down for doing so," remarked Frang.

"The first duty of a looker on at any card game is to keep his mouth shut, no matter what goes wrong among the players. Your friends did quite right in telling you so," replied his uncle.

MOTORAIDS

If your car is equipped with an oil pressure gauge and a piston type oil

pump, the owner often is at a loss to know why the gauge does not register when he knows there is a sufficient supply of oil in the engine. The trouble may be caused by a

leaky pump. It may be put into action, in any case, by priming. To do this disconnect the oil line back of the gauge, and while the engine is running slowly squirt oil into the

feed line by means of an oil can. Continue doing this until the oil is squirted back through the feed line, after which the line should be connected again.

SPRINGFIELD POWER COMPANY PERMITTED TO ANNUAL CONTRACT

Upon the application of George Whysall, receiver in the foreclosure proceedings of the Central Trust Company of Illinois against the Springfield Terminal Railway and Power Company of Springfield, United States District Judge John W. Peck of Cincinnati, has issued an order authorizing Receiver Whysall to annul a contract of the Springfield Company with the Springfield and

Xenia Railway Company to furnish power for that line. The contract required that power be furnished at the rate of 1.22 cents a kilowatt hour and the receiver represented that the power was being furnished at a loss to the Springfield company and that the officials of the other company had consented that the contract be abrogated. The power concern is in the hands of a receiver from lack of revenue. In connection with the order annulling the contract, the Court granted the receiver authority to furnish power to the S. & X. at such price above cost as may seem fair to him pending other arrangements by the Xenia company. Efforts to secure a new contract for power between the two companies involved, it is stated, will be

GREAT EXTENSION ON TAX RETURNS

Extension of time for filing of final income tax returns by corporations to May 15 was announced yesterday by the bureau of Internal Revenue at Washington. A tentative return or an estimate of the tax due, together with one-fourth payment, must be made by March 15, however.

No mention was made of the filing of tax returns by individuals and the ruling that they must all be in by March 15 will continue in effect. The announcement extending the time for corporations has occasioned some surprise, as the bureau has said previously there would be no extension of time this year.

BANK MESSENGER HAS DISAPPEARED

New York, March 5.—Police have begun search today for a messenger of the First National Bank who disappeared with about \$77,000 in checks and \$2,500 in cash. The messenger left the bank on his second round of calls yesterday and when he failed to return at 5 o'clock, inquiries disclosed that he had made only a part of his calls.

Officials of the bank announced they will prefer no charges against the boy until they determine whether he met with foul play.

HEARING ON JANTHA GAS COMPANY CASE TO FORCE ISSUE

Assertions that the coming hearing before the state public utilities commission is in regard to the Jantha Light and Fuel Company's petition for higher rates in Greenville, Yellow Springs, Osborn and Fairfield, which has been agitating these towns, are now said to be untrue, according to a statement from Yellow Springs.

The real purpose of the hearing to be held March 10, it is said, is to decide whether the State Utilities Commission has any jurisdiction over the Logan Gas Company, a decision to cut off the gas supply of the Jantha Light and Fuel Company because the Jantha company has failed to pay its bills, according to the condition of the contract.

The Jantha Light and Fuel Company was granted a franchise in Yellow Springs for ten years, on May 2, 1913, on condition that the company furnish gas for that time at net rate of 35 cents per thousand. This same rate was made in eleven other Ohio towns.

In November 1919, when the franchise had nearly four years to run the Jantha Company petitioned the council of about 12 towns asking them to pass an ordinance allowing new rates. The rates asked for were on a graduated basis, for the first five thousand 65 cents, from five to ten thousand 70 cents and so on to a maximum of 95 cents.

Yellow Springs, Osborn, Fairfield and Greenville failed to grant this new ordinance, and then the Jantha Company, it is said, failed to pay its bills to the Logan Gas Company, thus attempting to force the raise by threats of cutting off the gas supply.

W. L. Miller of the firm of Miller & Finney, of this city, attorneys for Yellow Springs, and Attorney Morris Rice of Osborn, investigated the matter at Columbus Tuesday. According to Mr. Miller, if the case is decided in favor of the Logan Company, the Jantha company will be forced to justify their action in some way and may do so by a declaration of bankruptcy which they have threatened before.

He said further that the whole case may be regarded as a joke, because the people cannot be forced to pay the higher rate; that the hearing is not in regard to the rate increase, but whether or not the Logan Gas Company can cut off the gas supply of the Jantha Company. By either decision of the commission the Jantha Light and Fuel company will be forced to settle accounts with the Logan company in order to finish its contracts with the towns.

Why So Many Prefer The Brunswick

THE Brunswick Method of Reproduction is the wonder of the phonographic art. And it wins acclaim from two principal ideas: The Ultona and The Brunswick Tone Amplifier.

The Ultona is an exclusive invention, an all-record player to be had only on The Brunswick. It plays all makes of records as they should be played—with the proper needle and the precise weight—and with the proper diaphragm.

The Brunswick Tone Amplifier is built entirely of wood, according to a new process. In this "Throat" of the phonograph all metal is discarded. This brings purity and volume of tone. There is an absence of the usual metallic sounds. You've never heard any record at its best until it is played on The Brunswick.

A tone test at a Brunswick shop is conclusive evidence. Your ear is a quick judge.

Your admiration for this superior phonograph will compel you to award The Brunswick first place. Come in today. Your judgment is final.

SPRINGFIELD POWER COMPANY PERMITTED TO ANNUAL CONTRACT

Upon the application of George Whysall, receiver in the foreclosure proceedings of the Central Trust Company of Illinois against the Springfield Terminal Railway and Power Company of Springfield, United States District Judge John W. Peck of Cincinnati, has issued an order authorizing Receiver Whysall to annul a contract of the Springfield Company with the Springfield and

Xenia Railway Company to furnish power for that line. The contract required that power be furnished at the rate of 1.22 cents a kilowatt hour and the receiver represented that the power was being furnished at a loss to the Springfield company and that the officials of the other company has consented that the contract be abrogated.

The power concern is in the hands of a receiver from lack of revenue. In connection with the order annulling the contract, the Court granted the receiver authority to furnish power to the S. & X. at such price above cost as may seem fair to him pending other arrangements by the Xenia company.

Efforts to secure a new contract for power between the two companies involved, it is stated, will be

GREAT EXTENSION ON TAX RETURNS

Extension of time for filing of final income tax returns by corporations to May 15 was announced yesterday by the bureau of Internal Revenue at Washington. A tentative return or an estimate of the tax due, together with one-fourth payment, must be made by March 15, however.

No mention was made of the filing of tax returns by individuals and the ruling that they must all be in by March 15 will continue in effect. The announcement extending the time for corporations has occasioned some surprise, as the bureau has said previously there would be no extension of time this year.

BANK MESSENGER HAS DISAPPEARED

New York, March 5.—Police have begun search today for a messenger of the First National Bank who disappeared with about \$77,000 in checks and \$2,500 in cash. The messenger left the bank on his second round of calls yesterday and when he failed to return at 5 o'clock, inquiries disclosed that he had made only a part of his calls.

Officials of the bank announced they will prefer no charges against the boy until they determine whether he met with foul play.

HEARING ON JANTHA GAS COMPANY CASE TO FORCE ISSUE

Assertions that the coming hearing before the state public utilities commission is in regard to the Jantha Light and Fuel Company's petition for higher rates in Greenville, Yellow Springs, Osborn and Fairfield, which has been agitating these towns, are now said to be untrue, according to a statement from Yellow Springs.

The real purpose of the hearing to be held March 10, it is said, is to decide whether the State Utilities Commission has any jurisdiction over the Logan Gas Company, a decision to cut off the gas supply of the Jantha Light and Fuel Company because the Jantha Company has failed to pay its bills, according to the condition of the contract.

The Jantha Light and Fuel Company was granted a franchise in Yellow Springs for ten years, on May 2, 1913, on condition that the company furnish gas for that time at net rate of 35 cents per thousand. This same rate was made in eleven other Ohio towns.

In November 1919, when the franchise had nearly four years to run the Jantha Company petitioned the council of about 12 towns asking them to pass an ordinance allowing new rates. The rates asked for were on a graduated basis, for the first five thousand 65 cents, from five to ten thousand 70 cents and so on to a maximum of 95 cents.

Yellow Springs, Osborn, Fairfield and Greenville failed to grant this new ordinance, and then the Jantha Company, it is said, failed to pay \$600 bills to the Logan Gas Company, thus attempting to force the raise by threats of cutting off the gas supply.

W. L. Miller of the firm of Miller & Finney, of this city, attorneys for Yellow Springs, and Attorney Morris Rice of Osborn, investigated the matter at Columbus Tuesday. According to Mr. Miller, if the case is decided in favor of the Logan Company, the Jantha company will be forced to justify their action in some way and may do so by a declaration of bankruptcy which they have threatened before.

He said further that the whole case may be regarded as a joke, because the people cannot be forced to pay the higher rate; that the hearing is not in regard to the rate increase, but whether or not the Logan Gas Company can cut off the gas supply of the Jantha Company. By either decision of the commission the Jantha Light and Fuel company will be forced to settle accounts with the Logan company in order to finish its contracts with the towns.

Heart and Home Problems

Dear Mr. Thompson: I am a little French girl in my twenties. I am obliged to work for a living and so every day I am "on the job" as clerk in a book store.

I am deeply in love with a young man nearly two years my senior. I have gone with him for over a year and find him a gentleman in every respect.

My mother does not like him and rebels strongly against our courtship. Every time I go home she slams him and says untruths about him. I can't bear to hear these horrible things said about one I love so dearly. One of her objections is that he is not of her religious seeking. Another is his occupation, a book-keeper. In fact, he hasn't any principles she admires.

My friend knows all about this and I know it makes him feel blue, for he has told me. He never says a word against my mother, but says "she'll change her mind some day, wait and see!"

I love my mother dearly and can't bear to quarrel. Please advise me what to do. Am I obliged to suffer when she goes on this way? Is it my duty to stay home? She tells me I'll be sorry some day for my disobedience to her and God will punish me. I have tried to give him up, but found it impossible.

BROWN EYES
Your mother is wrong in trying to live your life for you. The man you marry should be of your choice and not hers. Her arguments have a sound foundation, however. If your religious beliefs widely differ it is true there is great chance that you will not be happy. You must realize that the two faiths cannot seem to come to an understanding and neither seems willing to give up to the other. Besides it takes money to live these days. You must be sure that there is enough to have the necessities of life before you as-

sume the responsibilities of marriage. Let your own heart and judgment guide you in this matter. Even if your mother does object to the young man, be considerate of her because she is your mother and do not consider leaving home unless you marry.

Dear Mrs. Thompson: I would like to fix my hair in style so that it will look nice. I want to have "bobs" on the side. I have snarled my hair so much on the sides that I haven't much left, but I still want to fix my hair that way.

Can you tell me a way to fix my "bobs" so they will look nice and will you tell me a way to do it without snarling so much? **KITTY.**

Bobs have come out of style. It is considered in better taste now to comb the hair smoothly and not to snarl it. If you brush your hair about a hundred strokes every night before retiring you will find that your hair soon will be in much better condition and will grow thicker and faster.

Dear Mrs. Thompson: I am a girl fifteen years of age. I have been going with a boy for several months and seem to like him. Is it proper for me to go to parties with him? You may think I am too young to keep company, but I can't go without seeing him.

When I go out with other girls they have company and I am left alone if I do not go with him, and so you know how I feel.

LONESOME.
You are too young to keep company. Wait a few years longer even if you are left alone when your girl friends go places with boys. They are too young to do so.

Vanity Fair: I will answer your letter personally. Send a stamped and addressed envelope.

RULES FOR SUCCESS OUTLINED TO STUDENT BODY BY MORGAN

G. F. Morgan of Athens, Ohio, gave his second talk to the students of Central high school, at the Presbyterian church, Thursday afternoon at 1:30.

His address related to the qualities necessary for success. The first thing needed is energy, according to Mr. Morgan. No person can have a future who has not enough energy to make one.

The second quality is endurance. He used the postage stamp as an example and said that the postage stamp sticks to the one thing until it gets there and many of us would be better off if we would do the same thing. The speaker said the beginning was easy, that any fool could start but that not everyone could finish what they had started.

The speaker next touched upon the subject of students dropping out of school. He said he had respect for those who filled necessary positions when the occasion demanded, but that he had nothing but pity mingled with contempt for those who quit against the wishes of their parents.

His next point was effort, and he said that we achieve only by putting forth effort.

Economy was the next quality dwelt upon by the speaker and he said that the American people are the most extravagant in the world. James J. Hill, the great railroad magnate, had an unerring test to determine the success of any person. He would ask the question are you able to save money? and the answer would form his opinion.

Education was brought forth next by the speaker, and he said that no ignorant person has ever made a success. The door of success is always closed to those who are unprepared.

The final point that the speaker mentioned was ethics. He said that the people who do right because they want to do right, and not because they are afraid to do wrong are the ones who make the best citizens. The fact that riches are not essential to success was brought out strongly by Mr. Morgan. He said that more boys have gone to the devil in automobiles than in wheelbarrows. His parting thought was "If you would be great, learn to do and live for other people."

"Told in the Hills"

A Paramount Arctcraft Picture

"If You Know How to Pray, Pray for me Tonight—for Me and the Other Men in That Death Trap!" Then this despised "squaw man" was off to save from an Indian massacre the men who had shamefully jailed him for a common horse thief!

Only the girl knew his heart—she and the brother for whose sin he had buried himself in the West.

But when his great day came, his defamers found that his "black" soul was white and his "yellow" blood, spilled for them, was red—red!

"Told in the Hills" is a mighty epic of the West of the pioneers, of scout and gold hunter and roving Indian, of the West as it was in other times and never will be again.

The novel has thrilled countless thousands. Now Robert Warwick, with a brilliant supporting cast including Ann Little, Wanda Hawley, Tom Forman, Monte Blue, Eileen Percy, Hart Hoxie and Guy Oliver, has given the story life in a great screen masterpiece. Don't miss it!

Admission 17c and 22c.

Heart and Home Problems

Dear Mr. Thompson: I am a little French girl in my twenties. I am obliged to work for a living and so every day I am "on the job" as clerk in a book store.

I am deeply in love with a young man nearly two years my senior. I have gone with him for over a year and find him a gentleman in every respect.

My mother does not like him and rebels strongly against our courtship. Every time I go home she slams him and says untruths about him. I can't bear to hear these horrible things said about one I love so dearly. One of her objections is that he is not of our religious seeking. Another is his occupation, a book-keeper. In fact, he hasn't any principles she admires.

My friend knows all about this and I know it makes him feel blue, for he has told me. He never says a word against my mother, but says "she'll change her mind some day, wait and see!"

I love my mother dearly and can't bear to quarrel. Please advise me what to do. Am I obliged to suffer when she goes on this way? Is it my duty to stay home? She tells me I'll be sorry some day for my disobedience to her and God will punish me. I have tried to give him up, but found it impossible.

BROWN EYES
Your mother is wrong in trying to live your life for you. The man you marry should be of your choice and not hers. Her arguments have a sound foundation, however. If your religious beliefs widely differ it is true there is great chance that you will not be happy. You must realize that the two faiths cannot come to an understanding and neither seems willing to give up to the other. Besides it takes money to live these days. You must be sure that there is enough to have the necessities of life before you as-

sume the responsibilities of marriage.

Let your own heart and judgment guide you in this matter. Even if your mother does object to the young man, be considerate of her because she is your mother and do not consider leaving home unless you marry.

Dear Mrs. Thompson: I would like to fix my hair in style so that "bobs" will look nice. I want to have "bobs" on the side. I have snarled my hair so much on the sides that I haven't much left, but I still want to fix my hair that way.

Can you tell me a way to fix my "bobs" so they will look nice and will you tell me a way to do it without snarling so much?

KITTY.
Bobs have come out of style. It is considered in better taste now to comb the hair smoothly and not to snarl it. If you brush your hair about a hundred strokes every night before retiring you will find that your hair soon will be in much better condition and will grow thicker and faster.

Dear Mrs. Thompson: I am a girl fifteen years of age. I have been going with a boy for several months and seem to like him. Is it proper for me to go to parties with him? You may think I am too young to keep company, but I can't go without seeing him.

When I go out with other girls they have company and I am left alone if I do not go with him, and so you know how I feel.

LONESOME.
You are too young to keep company. Wait a few years longer even if you are left alone when your girl friends go places with boys. They are too young to do so.

"Vanity Fair: I will answer your letter, personally. Send a stamped and addressed envelope.

RULES FOR SUCCESS OUTLINED TO STUDENT BODY BY MORGAN

G. F. Morgan of Athens, Ohio, gave his second talk to the students of Central high school, at the Presbyterian church, Thursday afternoon at 1:30.

His address related to the qualities necessary for success. The first thing needed is energy, according to Mr. Morgan. No person can have a future who has not enough energy to make one.

The second quality is endurance. He used the postage stamp as an example and said that the postage stamp sticks to the one thing until it gets there and many of us would be better off if we would do the same thing. The speaker said the beginning was easy, that any fool could start but that not everyone could finish what they had started.

The speaker next touched upon the subject of students dropping out of school. He said he had respect for those who filled necessary positions when the occasion demanded, but that he had nothing but pity mingled with contempt for those who quit against the wishes of their parents.

His next point was effort, and he said that we achieve only by putting forth effort.

Economy was the next quality dwelt upon by the speaker and he said that the American people are the most extravagant in the world. James J. Hill, the great railroad magnate, had an unflinching test to determine the success of any person. He would ask the question are you able to save money? and the answer would form his opinion.

Education was brought forth next by the speaker, and he said that no ignorant person has ever made a success. The door of success is always closed to those who are unprepared.

The final point that the speaker mentioned was ethics. He said that the people who do right because they want to do right, and not because they are afraid to do wrong are the ones who make the best citizens.

The fact that riches are not essential to success was brought out strongly by Mr. Morgan. He said that more boys have gone to the devil in automobiles than in wheelbarrows. His parting thought was "If you would be great, learn to do and live for other people."

DENY REVOLUTION IN PORTUGAL

Madrid, March 5.—The Portuguese legation today denied that revolution has broken out in Portugal.

Travelers arriving from Portugal cities reported some disorders, however. Shooting occurred in Lisbon and Oporto and a train was bombed by railway strikers.

HIGH DIPLOMATIC CIRCLES ASTOUNDED OVER CONTROVERSY

Dispute Occurs Over Rent-

Recently.

Washington, March 5.—High dip-
lomatic and social circles in Wash-
ington which for days have been buz-
zing over an acrimonious controversy
between two of their members, re-
learned today that all the facts have
been placed in possession of the state
department.

The parties of the controversy are
Hans Sulzer, Swiss minister to the
United States and Judge W. B. La-
mar, distinguished member of the
Lamar family of Georgia.

At the Swiss legation today it was
said that for the protection of Mr.
Sulzer, all the facts have been laid
before the department. Mr. Sulzer
has sailed for home.

No points of international law are
involved but from the diplomatic
point of view it is no light matter
when invidious comparisons are made
between a foreign diplomat and a
"common fly" as set forth in some
of Judge Lamar's communications
to the minister.

And it is equally serious accord-
ing to Judge Lamar's friends, when a
foreign diplomat or any one else in-
sults the family portraits of the La-
mars of Georgia.

The controversy arose over Min-
ister Sulzer's rental of Judge La-
mar's residence for \$9,000 a year.
While a tenant he removed some
ancestral Lamar portraits and sub-
stituted therefor the jungfrau and
other points of interest in his native
Switzerland. The judge demanded
\$1,500 damages from the Swiss min-
ister. Being a representative of a

"Mrs. Beach read about Vola-Ton-

lieve it was what I needed. So she
argued me, reasoned with me, point-
ed out why I should at least give it
a trial and, as a result, I finally got
a bottle and started taking it.

"So, if it wasn't for her I'd never
have taken Vola-Tonic probably and
wouldn't be feeling better in every
way as I do now.

"I had been troubled with consti-
pation and indigestion for a long
time and my system all over got
weakened and run down. I had se-
vere headaches often and felt tired
and grumpy and listless most of the
time.

"My wife came to the rescue again
after I started taking Vola-Tonic. I
guess I had taken about half of the
first bottle and I couldn't see any re-
sults yet, so I decided to quit taking
it. My wife told me it was the wrong
thing to do and argued so hard that
I went back to Vola-Tonic.

"I surely am glad now that I did
keep on taking Vola-Tonic because
the constipation is gone; the indiges-
tion is improved and I am feeling
better in every way.

"For a while when I was feeling
so bad I seriously considered giving

YOUR FRECKLES

Need Attention in March or Face May
Stay Covered.

Now is the time to take special care
of the complexion if you wish to look
well the rest of the year. The March
winds have a strong tendency to bring
out freckles that may stay all summer
unless removed. Now is the time to
use Othine—double strength.

This preparation for the removal of
freckles was written by a prominent
physician and is usually so successful
that it is sold by druggists under
guarantee to refund the money if it
fails. Get an ounce of Othine—double
strength, and even a few applications
should show a wonderful improvement
some of the smaller freckles even van-
ishing entirely.

TELEPHONE YOUR WANTS

Don't worry about the high price of jams,
jellies and preserves. Serve Karo, the Great
American Sweet. Buy it by the dozen cans.
An important message. Read it!

AMONG the twenty odd million
American Homes there is
probably not a single one
where Karo is not served in some
manner—for breakfast, for dinner
or for supper.

During these days of high prices, Karo has
become another word for economy. Thou-
sands of thoughtful housewives have learned
that Blue Label Karo is not only a delicious
spread for pancakes, but answers every pur-
pose where a sweet is needed.

Instead of paying the present high prices
for jams, jellies and preserves—serve Blue
Label Karo on sliced bread, toast, pancakes
or waffles.

Do as the wise cooks are now doing: Use
Karo to stew dried fruit, prunes; use it for
candied sweet potatoes, brown bread, muffins,
coffee cake and puddings.

Karo Home-made Candy is the best for
children. It is wholesome, easy to make,
costs much less than store candy.

Mothers give children Blue Label Karo
and sliced bread because it satisfies Nature's
craving for sweets and takes the place of
candy.

IMPORTANT

There never was such a demand for Blue Label
Karo as today. Housewives everywhere are buying
it by the dozen cans. Ask your grocer the price per
dozen. For economy's sake buy it this way.

TELEPHONE YOUR WANT

Don't worry about the high price of jams,
jellies and preserves. Serve Karo, the Great
American Sweet. Buy it by the dozen cans.
An important message. Read it!

AMONG the twenty odd million
American Homes there is
probably not a single one
where Karo is not served in some
manner—for breakfast, for dinner
or for supper.

During these days of high prices, Karo has
become another word for economy. Thou-
sands of thoughtful housewives have learned
that *Blue Label* Karo is not only a delicious
spread for pancakes, but answers every pur-
pose where a sweet is needed.

Instead of paying the present high prices
for jams, jellies and preserves—serve *Blue
Label* Karo on sliced bread, toast, pancakes
or waffles.

Do as the wise cooks are now doing: Use
Karo to stew dried fruit, prunes; use it for
candied sweet potatoes, brown bread, muffins,
coffee cake and puddings.

Karo Home-made Candy is the best for
children. It is wholesome, easy to make,
costs much less than store candy.

Mothers give children *Blue Label* Karo
and sliced bread because it satisfies Nature's
craving for sweets and takes the place of
candy.

IMPORTANT

There never was such a demand for *Blue Label*
Karo as today. Housewives everywhere are buying
it by the dozen cans. Ask your grocer the price per
dozen. For economy's sake buy it this way.

THEATRE WHERE THOUSANDS OF U. S. BOYS WERE ENTERTAINED DESTROYED BY FIRE

The ruins of the Theatre Francais.

Thousands of veterans of the A. E. F. will recall the famous Theatre Francais in Bordeaux, France. French actors and travelling troupes connected with the A. E. F. and war organizations, entertained U. S. service men there during the war. The theatre recently was totally destroyed by fire.

SHIP DESTROYED.
London, March 5.—The United States shipping board steamship Louisville Bridge, was destroyed by fire at her dock today. She was a vessel of 3,200 tons.

IS A STRONG AND HAPPY WOMAN NOW

Strength and Energy Came Back, Nerves Calm and Sleeps Like Child.

"As I now look back over my condition before I began taking Tanlac I can hardly understand how I managed to hold out as long as I did." was the statement made recently by Mrs. C. B. Guthrie of 612 1/2 North Ninth St., Richmond, Va. "I had suffered so much that I had almost given up hope and my mother had become alarmed at my condition," Mrs. Guthrie continued. "I had been bothered with indigestion so long that I had become a dyspeptic and I could hardly retain anything I ate. My appetite was so poor that I had to force myself to eat enough to keep alive. Gas formed on my stomach something frightful and my heart would palpitate so bad I could hardly breathe. I got so dizzy at times that I had to take hold of the first thing near me to keep from falling to the floor. I was so short winded that I gave completely out when I walked any distance or took the least exercise. I was so nervous that I could get but little sleep and I dreaded to go to bed. When I got up of mornings I always had a bitter taste in my mouth. I had pains all over my body and at times I was in such agony that I felt like every muscle and joint was stiff. Bursting headaches would come on me often and I felt miserable from morning till night every day that came."

"I had heard of Tanlac but I didn't begin taking it until a friend of my mother recommended it so highly to her that she got a bottle for me. I have taken only one bottle but the change that has come over me is remarkable. All signs of indigestion have disappeared and I can eat anything and everything that I please without any bad after effect. I don't get dizzy anymore and my heart action is normal and my breathing free and easy. My nerves are steady and I sleep like a child. The stiffness in my joints and muscles has all left me and I am no longer troubled with headaches. I have gained in weight, my strength and energy have all come back and I just feel like a new woman. I am a well and happy woman and all the praise for it goes to Tanlac."

Tanlac is sold in Xenia by Sayre & Hemphill.

EXPLAINS VALUE OF ORGANIZATION TO RETAIL MERCHANTS

Organization as a remedy for many problems of the retail merchants, was urged by Lynn Revenaugh, Manager of the Retail Merchants Association of Columbus, addressing 75 men at the Chamber of Commerce here, Thursday evening.

Mr. Revenaugh explained that of all classes the retail merchants are less organized than any. He spoke of the value of organization in fighting legislation that would injure the merchant, referring to the Jones bill, which requires cost and selling price to be marked on articles, and which, according to the speaker, would force the retailer out of business. "The retailer should familiarize himself with these problems," he said, "and organize."

"The farmer and the laborer get anything they want because they are organized," he said. "If I had my way I'd let the legislature sit every ten years, because we get a lot of laws that don't amount to anything, and as it is we have to watch them closely to see that they don't pass laws that are detrimental to the merchant."

The speaker then gave an outline of the work of his organization in Columbus, explaining the workings and the benefits of the credit bureau, which keeps up 180,000 ratings on individuals in Columbus and vicinity, and which has reduced the loss by merchants to one-fourth of one per cent at the present.

He also told of the work with the advertising and charity plan, such as is in operation here, which saved merchants \$80,000 on church programs alone last year, and the protective department, by which the association retains a detective for the convenience of the merchants, watching bad checks and shoplifters. All shoplifters are prosecuted by the association immediately and are given no mercy.

"Cooperation. You merchants join hand in hand. Don't look on each other as competitors. There is enough business in Xenia for all of you. Stand together, join the Chamber of Commerce and affiliate with your state organization," said Mr. Revenaugh in a final message.

William H. Miller, Manager of the Retail Merchants Association of Dayton, and C. I. Frey of Schwartz and Frey, clothiers, of Dayton, were present at the meeting.

The meal was prepared by Mr. and Mrs. Jacob Kany.

COUGHS AND COLDS MAKE YOU "ACHY," WEAK AND PALE HERE'S EASY WAY TO STOP IT

DON'T TAKE JUST A PILL OR DOSE OF SALTS—
CURE THE COUGH OR COLD—THEN FORTIFY
SYSTEM AGAINST THE NEXT ONE.

PEOPLE WHO CATCH COLD EASILY ARE
IN POOR SHAPE TO WARD OFF DISEASE

You Can Cure This One and
Have No More All
Winter.

DO A GOOD JOB OF
IT AND DO IT NOW

People in perfect health get
sneezing, wet, dress too thin; sit
in drafts and laugh at coughs and
colds. If you were run down re-
cently and caught cold, feel irri-
table, pale, weak, achy and bad
all over—can't eat, sleep and
feel miserable—here is the
quickest and best way to knock
it completely out of your system
and be back on your feet feeling
"Fit-as-a-fiddle."

But remember—You can't kill
a "Cold" of a cold with birdshot.
A little pill or dose of salts isn't
enough—You want permanent re-
lief from the cough and cold for
the balance of the winter. You
want to clear the chest, lungs,
throat and head of the cold and
cough and strengthen the lungs so
the next cough or cold that comes
along will have no more effect
than the Germans at Chateau
Thierry.

WHAT TO DO
Stop in at the drug store and
get two bottles of Hypo-Cod.
(We give a 35c box of Earle's 50s
Laxative and Bowel Tablets free
with every two bottles of Hypo-
Cod.) Take two or three of the
50s and a tablespoonful of Hypo-
Cod—go to bed early and keep
covered up and then—starting to-
morrow morning follow the direc-
tions. That is all.

It doesn't matter how chronic,
persistent or deep-seated your
trouble, by reading what users say
in the articles on the right, you
can see how quickly it does the
work. Per formula on the bottle
Earle's Hypo-Cod contains Wild
Cherry Bark, Extractives from
Pure Cod Liver Oil, Malt, Iron,
extra select sherry wine and the
compound syrup of Hypophos-
phites. There is no oily fishy
taste. It is so pleasant children
cry for it. Experts assert it is
the most effective, palatable and
powerful nutritive, reconstructive
tonic made. Each bottle bears
name of nationally known Earle
Chemical Co., which is a guaran-
tee of the finest medicine.

WHAT IT DOES

That dull, headachy, irritable
feeling disappears; your head,
throat and lungs clear up; watery
hoes and eyes feel good again; the
hoarseness disappears; you
sleep good, breathe easy and back
comes the appetite and "pep."
You don't mind the icy cold winds
and chilly days as your blood be-
comes thick and enriched; good
rich red blood brings the roses to
your cheeks; the lungs with new
strength oxidize the blood better
and ward off such colds and
colds easily; your digestion is im-
proved and takes care of the
heavier winter foods—soups,
meats, hot cakes, pumpkin pies
and pastries.

The beauty about the Hypo-Cod
and Earle's 50s way of relieving a
cough and cold is that it not only
stops the trouble you have now
but it increases the disease resist-
ing vitality, strengthens and forti-
fies the system against such ills
the balance of the winter. Prill
weak, fast growing children can
be built up to robust, vigorous
health by a bottle or two and
sleep, eat, play and study better
all folks of all ages should adopt
this wise old tonic habit of our
forefathers according to enthusi-
astic folks everywhere. Hypo-
Cod contains the good, old-fash-
ioned ingredients in more power-
ful form without the disagreeable
oil taste and in addition contains
the elements needed because of
our changed methods of living,

FOR BRONCHIAL CATARRH, ASTHMA

Difficult Breathing Or Fits
of Coughing and
Spitting.

At this time of year people with
Bronchial, Catarrhal and Asthma
trouble suffer most. Many
cannot breathe well unless prop-
ped up with pillows in bed. The
change of air on coming from out-
doors into a stuffy warm room,
theatre or church, brings on vi-
olent fits of coughing and mornings
people troubled this way are
often forced to spit and hawk for
hours to clear their throat and
asthma of accumulated mucus.

Specialists assert these are not
dangerous troubles unless neglec-
ted too long, but they surely keep
a person in a pale, weak, nervous
headachy condition.

To easily relieve such a condition
in even the most chronic cases, take
Earle's Hypo-Cod regularly for a
while. You accomplish two things by
its use—you bring about a gradual
and permanent relief and at the same
time strengthen and fortify the system
and lungs against a recurrence of such
troubles and coughs, colds and even
more dangerous winter ills, according
to authorities on the subject. Read
what users say about it in the state-
ments below and then come down to
the drug store and join the thousands
taking Hypo-Cod on the road to robust
health and freedom from sickness this
winter.

"The torture I went through
with lying there in my bed and
trying to live on puffed rice and
milk is beyond words," declared
Mrs. John Forsyth, whose address
is given below.

"I had a very bad cold last win-
ter and it dragged along until one
fine day I lay up and caught the
"flu" and for months after I lay
in bed a physical wreck. My
cough was awful and my poor
stomach was so weak and bad I
could not eat regular food.

Nothing Tasted Good—Was
Weak and Dizzy in
the Morning.

FEELS LIKE NEW
MAN ONCE AGAIN

The hundreds of statements
from people throughout the coun-
try praising Earle's Hypo-Cod
must surely convince even the
most skeptical of this new tonic's
power. Just a glance at the formu-
la upon the bottle tells you it is
composed of the finest ingredients.
The secret is in its strength and
the elimination of the oily, fishy
taste which made the old fash-
ioned preparations so disagreeable
and upsets weak stomachs so
much. Mr. Stanley Crane said re-
cently:

"I endorse Hypo-Cod without
reserve. I was suffering from
after-effects of the gripe and had
lost considerable weight. I
coughed a good deal at night and
seldom slept good. I felt worn out
and would get dizzy, and things
would turn black. Everything
tasted the same to me and my ap-
petite was gone.

Hypo-Cod stopped all these
troubles mighty quickly, however.

You Can Cure This One and

Winter.

DO A GOOD JOB OF
IT AND DO IT NOW

People in perfect health get
sinking wet, dress too thin, sit
in drafts and laugh at coughs and
colds. If you were run down re-
cently and caught cold, feel irri-
table, pale, weak, achy and bad
all over—can't eat, can't sleep
and feel miserable—here is the
quickest and best way to stop
it completely out of your system
and be back on your feet feeling
"Fit-as-a-fiddle."

But remember—You can't kill
a "Cold" of a cold with birdshot.
A little pill or dose of salts isn't
enough. You want permanent re-
lief from the cough and cold for
the balance of the winter. You
want to clear the chest, lungs,
throat and head of the cold and
cough and strengthen the lungs so
the next cough or cold that comes
along will have no more effect
than the Germans at Chateau
Thierry.

WHAT TO DO

Stop in at the drug store and
get two bottles of Earle's 50s.
(We give a 35c box of Earle's 50s
Laxative and Bowel Tablets free
with every two bottles of Hypo-
Cod.) Take two or three of the
50s and a tablespoonful of Hypo-
Cod—go to bed early and keep
covered up and then—starting to-
morrow morning follow the direc-
tions. That is all.

It doesn't matter how chronic,
persistent or deep-seated your
trouble, by reading what users say
in the articles on the right, you
can see how quickly it does the
work. Per formula on the bottle
Earle's Hypo-Cod contains Wild
Cherry, Eucalyptus, Menthol,
Pure Cod Liver Oil, Malt, Iron,
extra select sherry wine and the
compound syrup of Hypophos-
phites. There is no oily fatty
taste. It is so pleasant children
try for it. Experts assert it is
the most effective, palatable and
powerful nutritive, reconstructive
tonic made. Each bottle bears
name of nationally known Earle
Chemical Co., which is a guaran-
tee of the finest medicine.

WHAT IT DOES

That dull, headachy, irritable
feeling disappears. Your head,
throat and lungs clear up, watery
noses and eyes feel good again;
the hoarseness disappears; you
sleep good, breathe easy and back
comes the appetite and "pep."
You don't mind the icy cold winds
and chilly days as your blood be-
comes thick and enriched; good
rich red blood brings the roses to
your cheeks; the lungs with new
strength oxidize the blood better
and ward off such coughs and
colds easily; your digestion is im-
proved and takes care of the
heavier winter foods—soups,
meats, hot cakes, pumpkin pies
and pastries.

The beauty about the Hypo-Cod
and Earle's 50s way of relieving a
cough and cold is that it not only
stops the trouble you have now
but it increases the disease resist-
ing vitality, strengthens and forti-
fies the system against such ills
the balance of the winter. Trail
week, fast growing children can
be built up to robust, vigorous
health by a bottle or two and

with lying there in my bed and

Mrs. John Forsyth, whose address
is given below.

"I had a very bad cold last win-
ter and it dragged along until one
fine day I up and caught the
"flu" and for months after I lay
in bed a physical wreck. My
cough was awful and my poor
stomach was so weak and bad I
could not eat regular food. I
didn't know what real sleep was
and then, one day while I was
lying there on my bed in the
depths of despair I saw what folks
were saying about Hypo-Cod in
the newspapers. I was wild to
try it. I told my daughter to buy
a bottle of one drug store and I
got someone else to phone down
to another store for another and
in all I took three bottles. Results
have been simply grand. I only
hope that this testimonial reaches
those sick and in poor health for
it surely will put them in a
healthy, strong condition again.
Even if it reaches only one poor
sufferer I will feel the effort is not
all in vain. For if they give Earle's
Hypo-Cod one good fair trial, they
isn't any doubt what it will do," con-
tinued Mrs. Forsyth, as she happily
and vigorously set forth the results
she secured by using this new and
more powerful builder. She resides at
1121 Emma street, Youngstown, Ohio.

A couple bottles of Earle's Hypo-Cod
will convince the most skeptical.
Mrs. Alice Krug, of Columbus, Ohio,
says: "My daughter had bad cough
and was weak, thin and pale as could
be. Her stomach was so weak she es-
caped on a milk and egg diet for four
months and coughed to such she
couldn't sleep. Then we started her
on Hypo-Cod and she picked up ten
pounds, is at work again, eats big
heartily meals and is rosy and in robust
health. It was worth a thousand dol-
lars. I then took it myself and it
built me up and stopped the kidney
pains I was having in my back," con-
tinued Mrs. Krug, 709 Keer street,
Columbus, Ohio.

Read what still others say in article

The hundreds of statements
from people throughout the coun-
try praising Earle's Hypo-Cod
must surely convince even the
most skeptical of this new tonic's
power. Just a glance at the for-
mula on the bottle tells you it is
composed of the finest ingredients.
The secret is in its strength and
the elimination of the oily, fatty
taste which made the old fash-
ioned preparations so disagreeable
and upsets weak stomachs re-
sulting from their use. Mr. Stanley
Craze said recently:

"I endorse Hypo-Cod without

coughed a good deal at night and

HOTEL MAN HAD BAD COUGH BUT H-C STOPPED IT

Stops His Cold, Built Him
Up—Restored His
Appetite.

SLEEPS SOUND
AT NIGHT AGAIN

"My husband surely had a very
serious cold and cough and he had
grown so weak as time went on
that I knew he must do something
desperate," declared Mrs. Ben
Nunnally, wife of the well known
proprietor of Nunnally's Hotel,
Youngstown, Ohio.

"His appetite began to disap-
pear and nights he was so restless
and bad on account of the cough
he didn't close his eyes and would
roll and toss and complain of achy
muscles and chest. We saw Hypo-
Cod advertised by good luck and
it was helping so many Youngs-
town people he bought a bottle
and I'm glad to say this medicine
really does what it says. It was
just what he needed and he took
two bottles," continued Mrs.
Nunnally.

Earle's Hypo-Cod not only brings re-
lief from coughs and colds—it drives
out all the symptoms and wards off
the next one. Take a couple bottles
and get something simpler, but re-
member that everyone relieves such
troubles in a permanent manner and
increases their vitality. The entire
cost is less than the loss of one
day's pay, not to mention sick
bills.

To purchasers of two bottles we
give free a regular 35c box of Earle's
50s (coupons redeemed) and for colds
and coughs the two work beautifully
together. See directions on package.
Read what other users say regarding
this superb preparation.

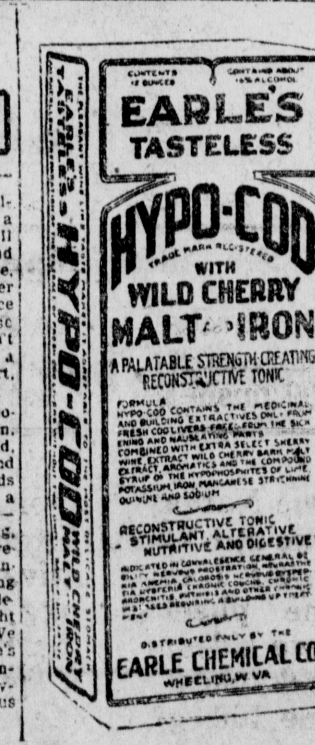

HE FELT ACHY, WEAK, HAD BAD COUGH, HYPO-COD STOPPED IT

The first thing it done was start
my appetite. It stopped the
tickling in my throat and in one
week the old cough was com-
pletely gone. It built me right up
from the very first dose and now
I am well as ever.

"I feel like a different person
and don't dread work like I used to.
All the shooting pains and dizzy spells
are gone and I am gaining weight so
fast that I can't gain Hypo-Cod
enough," continued Mr. Stanley Craze,
lumber inspector with the West Side
Lumber Co. (Address 1202 Mercer
St., Dayton, Ohio).

Thousands in Dayton praise Hypo-
Cod to all other tonics, because in this
city at the Old Soldiers' Home
scores of elderly heroes credit Hypo-
Cod for renewed strength and freedom
from sickness.

At this season of the year the blood
should be enriched and thicker so you
can withstand the cold weather bet-
ter. Your appetite should be heartier
and digestion stronger to take care of
the heavier winter foods. The lungs
must be stronger to avoid colds,
coughs, catarrh, bronchial and asth-
matic conditions. We advise everyone
to take a dose of Earle's Hypo-Cod
before meals for a few days just to
increase their disease resisting vi-
tality and reserve force. A stitch in
time saves nine and this wise old
tonic habit of our forefathers means
freedom from colds and wintry ills.
Come down to the store and get a
couple of bottles. We prepare large
bottle of the genuine Earle's Hypo-
Cod anywhere on receipt of price,
\$1.25, plus 5c war tax.

Rippling Rhymes

By Walt Mason

GREAT TIMES.

OH, these are grand and gorgeous times, and every fellow has the dimes! I work four hours and draw more pay than father pulled down for a day, and he was doing things at dawn, and busy till the light was gone. But father, like a lot of dads, somehow arranged to save some scads; he always paid up what he owed, and had a package safely stowed where he could reach it on the day when bleak misfortune came his way. I often wonder how our dads, those provident, hard-working lads, could, from the meagre wage they drew, save dimes, the way they used to do. Oh, many roubles I have earned, and many roubles I wear buried; I blow in more to buy a tire than was my daddy's monthly hire; I wear silk shirts and calfskin shoes, and dodge the tailor with his dues, and when I see the grocer's face I feel that I am in disgrace. And if the panic seems foresee should come along and land on me, I wonder what will happen then, since I have never saved a yen? Such doubts as these swing through my head, sometimes when I am snug in bed; then chills go up and down my spine, and sad and sleepless hours are mine.

SAYS ARREST IS DUE TO FRAME UP BY OIL COMPANY

New York, March 5.—John S. Hansen, arrested here last night on an old charge of impairing the morals of a minor, today admitted to a representative of the International News Service that he is "J. Salter Hansen" who gave \$500 bail to effect the release of U. S. Consular Agent Jenkins in Mexico last year, which averted a crisis between Mexico and the United States. Hansen declared he had put up the \$500 bail from purely personal motives and denied that the Mexican government had influenced his act.

"I never saw Jenkins in my life," he added. "And I have no diplomatic connections with any government. I was moved to pay the bail when I saw war nearing between Mexico and the United States. My patriotism compelled me to prevent a conflict."

He also declared that Jenkins had been "justly arrested." He then added that his act of furnishing bail had brought about his arrest here last night. He blamed the Standard Oil company officials, saying "my arrest on this old charge, that was previously dropped and the Jenkins case are closely related. The Standard Oil company with great interest in Mexico is in back of it."

Hansen also declared that the charge was being used as a club to compel him to settle a civil suit for \$25,000 damages brought against him by the parents of the minor. Hansen was first arrested in December, 1918 on complaint of Mrs. Myta Wooster wife of a New York broker. She accused Hansen of molesting her 12 year old daughter in a Broadway motion picture theater. Hansen was out on bail after the jury disagreed when he went to Mexico. The civil suit was filed later. Hansen was held for trial on the old charge under \$2,500 bail in court today. He pleaded not guilty.

ELECT BOARD OF DIRECTORS FOR OS-BORN REMOVING CO.

Stockholders in the Osborn Removal Company, which was incorporated for \$100,000 his week, elected the following board of directors at a meeting which was held in Osborn Thursday night: Harry E. Frahn, H. R. Kendig, J. S. Hower, G. E. Bailey, Morris D. Rice, P. M. Copenhagen, Earl W. Burrows, P. C. Massey, and O. B. Kauffman.

The name of the company was changed from The Osborn Realty Company to The Osborn Removal Company, under which it was incorporated, owing to the fact that there is a firm in Cleveland called the Osborn Realty Company.

Morris D. Rice, village solicitor of Osborn, and attorney for the removal company, says that operations will be started by the company April 1. Plans will be made for removing the village to the new site on a 130 acre tract bought from the Conservancy District. The town site will be laid out and platted, streets graded, sidewalks built, a water and sewage system installed. Moving the town will begin July 1, according to Mr. Rice. A manager will be employed, who will be responsible to the board of directors of the company.

The newly elected board of directors will organize March 15.

Fire at Rubber Plant.

Cleveland, March 5.—The spreader plant of the Owen Tire and Rubber company at Bedford, near here, was destroyed by the explosion of a car of benzine and six tanks of gasoline. Damage is estimated at \$130,000.

TRICKS IN ALL TRADES AND THE DEALERS IN FRUIT HAVE FEW

Why do they "wrap" oranges, grape fruit and lemons like that with thick skins in paper, and leave apples and peaches and fruits with thin skins that are easily bruised, unwrapped? Did you ever think about that? We did and we found out that they don't. That is, they do. Or rather, all of the best fruits, whether apples, peaches, grape fruit or the hardy lemons, come already wrapped up in paper.

But they are never seen on the market that way, and hereby hangs a tale of the idiosyncrasies of the buying public. As a matter of fact apples and peaches, that is most of the best varieties, especially those shipped from California, are wrapped in paper the same as the thick skinned fruits. But they won't sell that way. Grocers have found, according to a leading grocery dealer here, that while oranges, grape fruit and lemons will sell just as rapidly or possibly more so when wrapped in paper, that apples and peaches, will have no buyers at all if their charms are hidden in this manner.

Evidently it is because people want to see what they are buying when they get fruits of that sort and are pretty sure they couldn't tell anything about them anyway, even if they did see lemons without their tissue jackets.

For this reason grocers divest apples and peaches of their paper kimonos as soon as they come in the store, while they place the citrus fruits on the shelves adorned in their winter wraps.

London, March 5.—Berlin agents of the Indian and Afghan communists who are engaged in anti-British propaganda, are claiming that the Moscow soviet government "double crossed" them by making peace overtures to the entente, according to a dispatch from Berlin, to the Daily Express today.

These representatives of the communists from India and Afghanistan declare that they have been giving support to Lenin and that now they are sending a delegate to Copenhagen to demand from Litvinoff (a member of the soviet government) an explanation of the recent peace overtures that were made to the allied countries.

The activities of the Indian and Afghan agents is said to be directed chiefly among Mohammedans. They include the enrollment of officers to be sent to Revaland Petrograd and thence to Semara where the Indian revolutionary troops are reported to be organizing.

Philadelphia Scrapple—Cleanse thoroughly a hog's jaw, a part of the liver and heart, and the feet. Put these on to boil, covering with cold water. Cook until all the bones can be easily removed then chop the meat fine. Season with salt, sage, and pepper. Return the meat to the liquor in which it was boiled, straining first.

Thicken the mixture with cornmeal to the consistency of mush. Pack in deep dishes and when cold and stiff slice and fry a rich brown as you would mush. Will keep for days in a cold place, and makes an excellent breakfast dish.

Pecan Salad—Make a well seasoned lemon jelly and set in glasses to mold. When set, garnish with pecan meats. Turn out on an ice-berg lettuce leaf, cut green peppers in thin shreds and add. Serve with mayonnaise.

Corn Chowder—One pint of canned corn, one-half pint of diced red potatoes, three-quarter inch cube of salt pork, one small onion, one tablespoon flour, one pint milk, one teaspoon salt, one-eighth teaspoon pep-

per, one hard boiled egg. Cook potatoes in boiling salted water. Chop the fat and render out in the kettle. Add onion, cut up, and cook five minutes. Dredge with the flour. Add one cup water, potatoes, corn, milk and seasonings. Simmer ten minutes. Cut eggs in rings and add when ready to serve. Nutritious and inexpensive.

The scrapple is a nice change from the usual bacon and sausage and costs less. The salad is excellent to serve when one has planned a sweet dessert and the chowder is a splendid luncheon dish, particularly when meat has been served at both breakfast and dinner. Hickory nut meats may be used in place of the pecans and cost much less.

Chocolate Frosting—Very good and easily made; no boiling required. Put one cup powdered sugar into a bowl, add four tablespoons boiled coffee. Mix this to a smooth paste, then add a lump of butter size of a walnut, one-half teaspoon of vanilla extract, three tablespoons cocoa, milk enough to spread.

BREAKFAST DISHES.

Toast a La Golden Rod—Prepare toast. Make a white sauce of one tablespoon margerine, two tablespoons flour, one-half pint milk and a little water. Salt and pepper to taste. Add the chopped whites of two eggs, previously boiled and cooled. Pour over toast. Garnish with the chopped yolks. Very good for a frosty morning.

Cream Sauce—Two tablespoons butter, two tablespoons flour, one-fourth teaspoon salt, few grains paprika, one cup cream and milk mixed, or full cream if possible. Melt the butter, add the flour and seasonings, then add the milk and cream, stirring constantly until thick. This is good for milk toast, creamed eggs, or other creamed dishes.

A MODERN STORY OF HOME AND BUSINESS

THE MORNING AFTER

Chapter 69

"Come dear, you will be late at the store if you do not get up at once," I said after several ineffectual attempts to rouse Robert sufficiently so that he would realize the time.

"I don't care if I am."

"But Robert they might be annoyed. And you cannot afford that just now you know."

"I know I can't afford anything! But you needn't keep rubbing it in. You can afford to do as you please even to tossing your husband, because you think you wear the pants on account of what you earn."

"I had no intention of 'bossing' as you say, dear. I only wanted you to be on time." I tried not to be angry with him. I realized that he probably had a headache, and felt miserable after his indulgence of the night before. He was pale, and as he raised himself in bed I noticed his hands were shaking.

"Oh, I'll get up! You needn't stand over me like that!" I moved to the other side of the room and didn't speak again until he was dressed. Then I asked:

"Shall we have breakfast brought up?"

"If you want to eat with me, you will. I have gone into that blamed dining room for the last time. I told

you so last night, and I meant it." I made no reply, but rang for the maid, told her to serve our breakfast in our room.

"Be sure everything is nice and hot, Mary, especially the coffee." I slipped a quarter into her hand.

"Yes, ma'am."

While waiting I thought it might arouse Robert to tell him something of the conversation Mary and I had had about her lack of education. "She said she was ashamed before Gardner Kenyon," I told him.

"There's a lucky chap if he gets Mary Ryan."

"Why so lucky? Of course I am fond of Mary, but socially she isn't Gardner's equal."

"Society be damned. What a man wants when he gets married is a home! And the man who gets Mary Ryan will have a nifty one or I'm mistaken. I hope she lands Kenyon. They will make a great pair."

"Robert what ails you? You never used to swear, or to be so careless in your speech. I can't imagine what has come over you lately. Do you know you have?"

"Never mind finishing what you have to say. I know it all. Here comes that girl. Give me my coffee and I'll get out."

Fortunately the coffee was fairly good, and hot. He gulped down two cups, but refused to eat anything. Simply made a wry face when I asked him to please eat a little toast.

"Come home early, Robert," I

said as he started away without kissing me goodbye as usual. I was hurt at the omission, but I was also proud. I would not ask for a caress. "I'll get my dinner before I come in."

"Oh, don't do that! Come home and we will both go out."

"Very well, but I'll pay my share and you can pay yours."

"Anything to please you, Robert, so long as you don't leave me alone." He flung himself out of the room, and I heard the front door slam when he went out. Here was a new Robert, one I scarcely knew. I wondered what had come over him. It couldn't be that his position made him so unhappy that he had to take to drink. Could it be possible that he had meant what he had said about being thru if he could not have a home of his own?

My heart almost stopped beating as I thought what that would mean—thru! Thru with me! Perhaps to go to Marion Hovey. The thought was torture. But he had not been himself when he said it. I would wait until he was feeling better then talk to him. All day I heard:

"If I can't have a home of my own—if it is only two rooms—I am thru." Even when selling hats I could hear him repeat that sentence, until I felt as if I would scream.

TAKE A NEW LEASE ON LIFE

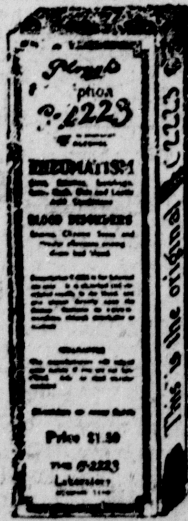

Cleanse Your Blood of Those Poisons
Which are Daily Undermining Your Health

There are a great many people who are sick, yet manage to do their work and drag along day after day, feeling miserable, discouraged and tired all the time. They do not know what is the matter and their physicians cannot name the disease.

In many cases this state of poor health is caused by poisoned blood. At one time or another, possibly years back, the blood was contaminated or tainted by biliousness, constipation, kidney and other diseases.

These conditions of poisoned blood are made known by general debility or gradual loss of health, pimples, boils, sores, eruptive skin diseases and chronic catarrh.

If you have reason to believe your present state of ill health is due to an accumulation of impurities, which have clogged and poisoned your blood, marked by aching bones, swollen joints and pain, you should at once begin the use of a treatment that will cleanse your blood and restore the vital organs of your body to a natural and healthy state.

Prescription C-2223 is a liquid medicinal preparation that stands above all other remedies as an alternative of great power. It restores normal functions to those organs or tissues which are not performing their full work. It changes diseased conditions into conditions of health. It relieves certain congested and irritable conditions of the mucous membrane and has marked influence on the intestinal organs in removing impure and waste products from the body.

Prescription C-2223 is really an unusual compound of certain valuable medicinal agents and can be depended on to give results where all other treatments have failed, because it is the private formula of a prominent and successful physician, now long since retired.

This Prescription has given relief to so many thousands who suffered from diseases caused by poisoned blood, that the manufacturers authorize druggists to give back the \$3.00 paid for two \$1.50 bottles, if the treatment, when taken according to directions, does not give satisfying relief.

If your druggist cannot supply you with \$1.50 bottles write Dept. A, 2223 Laboratory, Memphis, Tenn., for literature, 1920 Almanac and samples of 2223 Liver Pills.

These conditions of poisoned blood are made known by general debility or gradual loss of health, pimples, boils, sores, eruptive skin diseases and chronic catarrh.

If you have reasons to believe your present state of ill health is due to an accumulation of

impurities, which have clogged and poisoned your blood, marked by aching bones, swollen joints and pain, you should at once begin the use of a treatment that will cleanse your blood and restore the vital organs of your body to a natural and healthy state.

Prescription C-2223 is a liquid medicinal preparation that stands above all other remedies as an alternative of great power. It restores normal functions to those organs or tissues which are not performing their full work. It changes diseased conditions into conditions of health. It relieves certain congested and irritable conditions of the mucous membrane and has marked influence on the intestinal organs in removing impure and waste products from the body.

Prescription C-2223 is really an unusual compound of certain valuable medicinal agents and can be depended on to give results where all other treatments have failed, because it is the private formula of a prominent and successful physician, now long since retired.

This Prescription has given relief to so many thousands who suffered from diseases caused by poisoned blood, that the manufacturers authorize druggists to give back the \$3.00 paid for two \$1.50 bottles, if the treatment, when taken according to directions, does not give satisfying relief.

If your druggist cannot supply you with \$1.50 bottles write Dept. A, 2223 Laboratory, Memphis, Tenn., for literature, 1920 Almanac and samples of 2223 Liver Pills.
